Head Master's Message

Dr. Ligia Noriega-Murphy

Dear Graduates,

Congratulations!

In this, my fourth year as the Head Master of the historic English High School, I am struck by the progress we have made as a school in such a short period of time. From your freshman year to now, we have collectively accomplished what many said could not be done — The English High School has reclaimed its status as a vibrant, innovative and proud institution that develops capable young men and women to achieve in the 21st century marketplace of ideas and skills.

Our shared commitment to “Honor, Achievement & Service to Mankind” is a core ELEMENT of this reinvigorated English High School. For a successful school to thrive, it must have a balance of these essential Elements: Tradition and Innovation, Rigor and Curiosity, Excellence and Perseverance, Pride and Humility, Diversity and Solidarity. I believe the unique character of The English High School Class of 2016 embodies these Elements of Success!

As you continue your journey as EHS Alumni, take pride in your alma mater and remember your role as a transformative Element in the continued success of The English High School. We have come a long way, and for you, the best is yet to come!

Stay True to the Blue & Blue,

Dr. Ligia Noriega-Murphy
